

Help Customers Thrive with Surveil

Surveil provides the unparalleled M365 and Azure insights partners need to maximize their customers' Microsoft investment.

Identify opportunities to match customers with value-add offerings.

Enrich and enliven customer relationships in the long-term.

Move quickly with fast onboarding, fast data, and fast wins.

Optimize, Secure, Control

Surveil has been built from the ground up to enable organizations to optimize their Microsoft investment, secure identities, and gain greater control over business intelligence.

With AI-powered actionable recommendations presented in clear, custom-based dashboards, Surveil delivers genuinely smart cloud optimization.

Powerful Relationships

Thanks to Surveil's powerful insights, partners are able to identify opportunities to match customers with relevant value-add offerings – enhancing and enriching the ongoing relationship.

Beyond Cost Saving

Surveil goes beyond short-term cost-cutting exercises. Its optimization-focused functionality paves the way for governance, cost control, and continuous optimization for long-lasting change.

Customer Outcomes

- Surface deep analytics using secure, read-only access – all presented on easy-to-read dashboards
- Maximize the Microsoft investment across Azure and M365
- Optimize spend, usage, and productivity across licenses and cloud resources.
- Greater alignment with Microsoft objectives like Secure Score and FinOps

Partner Outcomes

- Identify customer requirements and match value-add services
- Cultivate longer-lasting customer relationships with continuous optimization and powerful insights
- Align with – and power – Microsoft initiatives and incentives
